- 1st Floor: Suite 120 has approximately 4,101 SF with window frontage on Main Street that can carry your business name. Entry is directly opposite elevator with spacious reception office with chair rail. Conference room next to reception. Offices tend to be larger than average with five offices offering windows.
- 3rd Floor: Suite 300 includes approximately 2,434 SF contiguous to Suite 320 overlooking Main Street. It offers 3 offices with windows onto Main Street with support offices and staff areas.
- Suite 320 contains approximately 1,823 SF directly opposite elevator. Large window into reception area that makes this suite unusually prominent. Built in reception desk and built in cherry cabinetry and mouldings in large conference room and main office that are extremely impressive. Two additional large offices with windows, an open central work area contiguous to the three offices plus a tile floored work room and closet.
- Suite 350 offers approximately 2,843 SF contiguous to Suite 320 and on the Short Street side of the building. It contains 5 spacious offices with windows, large conference room, work room, kitchen, large central open area for staff support and a thickened concrete floor moveable file area.
- 4th Floor Suite 400 consists of approximately 4,000 SF with 3 executive type offices overlooking Main Street. Three additional large offices with windows face the Circuit Court House. There are 2 offices without windows, 2 conference rooms, work room, storage area and 5 built in larger than normal cubicles.
- Suite 450 is exquisite. It has a marble floored entry into a reception room which includes a beautiful built in receptionist's desk for a total of approximately 3,029 SF. A glass walled conference room is immediately off of the reception area as is a smaller 4 person conference room. Five executive type offices wrap around the Short Street side of the building along with a staff support area. Internally there is a kitchen and work area. This office can be readily expanded.
